

ANNOUNCEMENTS DESCRIPTION

In order to disseminate and communicate the Project, the following scientific announcements took place, included in specific deliverables:

1. Almost 20,000 years AD.

This Deliverable includes the announcement made in the context of the international scientific conference *EDULEARN19, 11th annual International Conference on Education and New Learning Technologies*, Palmade Mallorca (Spain), 1st - 3rd of July, 2019. In this announcement titled: *Culture identity, museum and new technologies: enhancing museological learning*, an attempt was made to analyze how the Museum of Education can influence the predispositions of the visitors, regarding the educational cultural heritage, so that they have the possibility of a "bottom-up" active intervention in the museological achievement.

2. Terpsis

This Deliverable concerns the development of a guide of good practices of digital interpretive tour in the museum collections consisting of six (6) scientific announcements, which are divided into three sub-groups. Specifically, it regards:

a. Four (4) announcements, which took place in New York / Astoria, at the *Senate of Hellenic American Organizations*, (18-28/05/19) from the PI of the Project:

a1. *New technologies in Museum of Education of the University of Crete (theoretical and methodological approaches)*.

a2. *Developing software for digital narratives: Interactive (immersive) narration (e - Nostos) and developing user gripping environment with exhibits and Interaction Devices (Ava-x)*.

a3. *Raising awareness of population groups and increasing educational tourism*.

a4. *Distance learning for people with disabilities*.

b. One (1) announcement made at the 5th Summer School *ICT & Creativity at the Modern School*, entitled: *Terpsis. Good Practice Guide: Death Technology and Creativity at XENISEUM*.

c. One (1) announcement made at the 18th *SYMPOSIUM FOR SCHOOL MUSEUMS AND HISTORY OF EDUCATION COLLECTIONS*, Copenhagen, at the Danish School of Education (DPU) and Aarhus University Library, titled: *Challenges facing school museums in a time of globalization and digitization, the case of the museum of education at the University of Crete, Greece*.

3. e-Klio

This Delivery includes an announcement made during the Conference *The 15th History Educators International Research Network Conference (HEIRNET 2018): History Education and Meeting the Challenges of Immigration, Regionalism and Sectarianism*, titled: *A new kind of historical learning in a university educational museum based on*

new technologies. This presentation analyzed the active participation of the visitor in shaping the cultural experience with the use of new technologies in places of culture and specifically in the Museum of Education as an experience of a dialectical relationship between them.
